Kyoto University of Advanced Science Graduate School Academic Goals

Academic Goals

Based on the founding spirit of the University and in accordance with the fundamental education laws of Japan, the purpose of this graduate school is to teach and research academic theory and application in specialized fields, and to contribute to the advancement of society through in-depth study of such knowledge.

We seek individuals who are highly motivated to contribute to society through the acquisition of cutting-edge knowledge and skills in their respective fields of study.

Graduate School of Business Administration (Master's Program)

Academic Goals

The Graduate School of Business Administration aims to nurture talented individuals with theoretical and practical expertise in the field of business administration, as well as individuals who can demonstrate an entrepreneurial spirit and lead reforms, regardless of the size or the age of the organization, in relation to various phenomena that arise inside and outside of management organizations in the midst of significant changes in the social environment, including internationalization, information technology, and the lack of compliance. The objective of the program is to nurture professionals who will be leaders of reforms, and who will innovate by implementing new knowledge into society in the midst of digital transformation and the development of new materials.

This Graduate School sets forth an admission policy in response to the fact that an educational curriculum will be established with attention to differences in the status of specialized courses in the undergraduate program.

1. Those who have a strong desire to master the theory and practice of business management.
2. High level of English proficiency in order to be awarded an internationally recognized master's degree.
3. Those who have the qualities to engage with strong intellectual motivation and a social role in educational courses and programs aimed at fostering professionals who will innovate by implementing new knowledge in society, and are capable of friendly competition with each other.
4. Those who have a wide range of knowledge and can utilize basic knowledge and abilities in specialized fields such as business administration.

Scholarships

As a result of the selection process, scholarships will be awarded to students with particularly outstanding grades and achievements. However, only those who have applied for the scholarship at the time of application will be considered. **Please make sure to select whether or not you wish to apply for a scholarship in the "Scholarship" section of your application when you apply online.**

Beyond normal scholarships, KUAS also provides a "Super KUAS-E Scholarship" for exceptionally outstanding students. The scholarship amounts are shown in the table below. *Scholarships may be revoked if the recipient does not maintain consistently high academic performance and act as a model for other students.

The following scholarships are available.

Scholarship Name	Description	Amount, etc.
Super KUAS-E Scholarship	Intended for applicants to the Graduate School Scholarship who are of exceptional merit.	1. 100% exemption from entrance fees and school fees* 2. A financial support stipend of 600,000 JPY per semester
KUAS-E Scholarship	Intended for applicants who will act as a role model for other students at KUAS in terms of research and academic achievement.	Type ①: 100% exemption from entrance fees and school fees Type ②: 50% exemption from entrance fees and school fees

*"school fees" refers to tuition, facility fees and laboratory fees.

*Recipients will be subject to a performance review every semester.

*Scholarships may be revoked if the recipient does not maintain consistently high academic performance and act as a model for other students.

*Students receiving financial aid from their employers are not eligible for these scholarships.
